President & CEO's Summary

On behalf of the Board of Trustees of the Oklahoma City Museum of Art, staff members, volunteers, and friends, I am pleased to report to you on the accomplishments and activities of fiscal year 2008–2009.

Major exhibitions provided the framework for the year starting with *Roman Art from the Louvre*, which brought highlights from one of the world's great museum collections of antiquities to Oklahoma City. Following *Roman Art* was *American Impressionism: Paintings from The Phillips Collection*, *Harlem Renaissance*, *Passport to Paris: Nineteenth-Century French Prints from the Georgia Museum of Art*, *Julius Shulman: Oklahoma Modernism Rediscovered*, and *Turner to Cézanne: Masterpieces from the Davies Collection*, *National Museum Wales*. The crowds that filled our galleries and who attended our education programs during the run of these exhibitions found many surprising treasures to enjoy. It was an exciting year despite the uncertain economic climate. Details about all of our programs are outlined further in this year's report.

The Museum welcomed many visitors to a broad range of educational opportunities, from docent-led tours and studio art classes, art and film camps, to the fantastic Yellow Bus Brigade program, which again brought thousands of schoolchildren to the Museum for amazing experiences with art. Further, we made many new friends in the community through the Harlem Renaissance exhibition, which reached people across Oklahoma City that had not previously experienced the Museum. Loans to Harlem Renaissance from major institutions across the nation were presented for the first time in Oklahoma City, and everyone who visited the Museum and experienced the show was delighted.

Permanent collection exhibitions also were mounted concurrently with the loaned exhibitions and dozens of interpretative and educational programs, special events, gallery talks, and lectures were produced. The film program covered everything from cutting-edge documentaries and independent films to special previews of forthcoming feature films to classics from the early days of cinema. In addition, the cataloguing, condition reporting, and documenting of nearly 600 films in the film collection commenced; we hope to have that project completed next year.

While exhibitions and programs captured the imagination of the public, the task of maintaining and developing the collection continued behind the scenes with the support of our board members and our many sponsors. We added more than 60 works of art and 43 films to the Museum's permanent collection this year. Foremost among these acquisitions were 50 works of contemporary art from the Dorothy and Herbert Vogel Collection; a suite of six large-scale lithographs by Luis Jimenez; an assemblage, grouping of prints, watercolors, and collages by Alfonso Ossorio; and two seventeenth-century Italian scene paintings by Ippolito Caffi, which were acquired in honor of Carolyn Hill, the Museum's eleventh and longest-serving director, who retired at the end of 2008, after fourteen years of service.

Presenting great art and creating great experiences around art is central to our mission, and we continue to develop opportunities for learning and entertainment in our programs. We are planning to further integrate technology in ways that visitors to the Museum can access information and contribute to an open-platform dialogue that allows for enhanced viewer participation in experiencing the Museum and the art presented each day. Part of this initiative is to embrace the art of our time as a key focal point of this interaction in the coming years.

The operating budget for the past fiscal year—\$6.2 million—was larger than that of the previous year—\$4.3 million—and that of the next fiscal year budget, which will be \$ 4.3 million. On a sobering note, the value of our combined endowments declined by 26%, as the stock markets declined. It is clear that we are experiencing one of the most challenging economic environments in decades and that reality has placed a significant strain on the Museum as it has on many nonprofit organizations, corporations, foundations, and individuals. Through careful review and cost reductions, we have been able to navigate these turbulent economic waters and prudently plan to maintain program excellence across the Museum.

The wonderful service and support provided by the Museum's board leadership, our members, staff, and hundreds of volunteers made a substantial difference. Thank you for your unflagging commitment to the Oklahoma City Museum of Art.

I look forward to seeing you again soon.

Sincerely,

Glen Gentele
President

EXHIBITION

The film program again presented more than 300 screenings of independent, foreign language, and classic films to more than 15,000 film lovers in 2008–2009. The top grossing new releases of the fiscal year were *Gonzo: The Life and Work of Dr. Hunter S. Thompson*, *Happy-Go-Lucky*, *Let the Right One In*, *The Reader*, *Tell No One*, and *Milk*. Other popular new releases were *Vicky Cristina Barcelona*, *Elegy*, *The Who: Live at Kilburn 1977*, *Frozen River*, *Man on Wire*, *A Christmas Tale*, *Beautiful Losers*, *Two Lovers*, and *Everlasting Moments*. Traveling film festivals brought rarely seen short films to the Noble Theater in programs like the 2008 Sundance Short Films, Manhattan Short Film Festival, and Doxita: short documentary films.

Thematic film programming related to the *Roman Art from the Louvre* exhibition included six weeks of Sunday matinees in the Swords and Sandals Film Series, highlighting the most epic films depicting ancient Rome in cinema. Thanks in part to a strong year for Oklahoma produced feature films, the film program presented Bumper Crop!, a weekend showcase of Oklahoma's finest filmmaking talent. Titles included *The Stanton Family Grave Robbery*, *Rainbow around the Sun*, and *Okie Noodling 2*. In September, the Museum collaborated with the Consul General of Italy in Houston to present Nuovo Cinema Italiano, four recent Italian films that had never been released in the United States. The Oscar Tune-Up® consisted of eight nominated films this year as well as the ever popular animated and live action short films. The annual New Jewish Cinema program moved to April this year with two new films copresented with the Jewish Federation of Oklahoma City.

The High Definition Opera series continued this year with world class productions from Milan's La Scala and Europe's leading opera venues, such as Salzburg, Venice, and Parma. Titles from the repertoire included *Maria Stuarda*, *Aida*, *The Barber of Seville*, *Don Giovanni*, *Romeo et Juliette*, *Don Carlo*, *Rigoletto*, and *Il Viaggio a Reims*.

The 9th deadCENTER Film Festival returned in June to the Oklahoma City Museum of Art for its headquarters and anchor venue. The opening night reception and film was a standing-room-only screening of *Pearl*, a biopic produced by the Chickasaw Nation about the renowned aviatrix Pearl Carter Scott. The Museum also hosted several panel discussions, a screenplay table read, and the filmmaker lounge.

EVENTS

In collaboration with the Oklahoma Visual Arts Coalition, the Museum film program hosted a screening and discussion of a new documentary called *Art 365*, which followed six Oklahoma artists as they each created a body of work over the course of a year, giving much insight into the artistic process. The renewed interest in the sport of roller derby took center stage with a screening of *Hell On Wheels*, which documented the tumultuous rebirth of the sport in Austin, Texas. Austin-based filmmaker Bob Ray attended and led a Q&A session following the film.

The Devil Music Ensemble, based in Boston, MA, performed a live musical score to a rare, Chinese, silent, kung-fu film titled *Red Heroine*. As part of the Museum's ongoing participation in the Sundance Institute Art House Project, the film program hosted the award winning documentary *The Order of Myths*, with a personal appearance by film director Margaret Brown. The film chronicles the complex history of the oldest Mardi Gras event in the United States, celebrated in Mobile, Alabama, since 1703.

With support from the Oklahoma Film & Music Office, British director Toby Wilkins appeared for the Oklahoma premiere of *Splinter*. This low budget horror film was filmed in central Oklahoma and released theatrically around the United States.

The Museum's 6th Film Preservation Festival coincided with American Indian Heritage Month and consisted of four recently restored films depicting diverse images of Native Americans. The festival kicked-off with a live musical accompaniment by the five-piece Mont Alto Motion Picture Orchestra to the silent film *Redskin*, a 35mm film print from the Library of Congress. Following the final Sunday screening, American Indian author and legal scholar Rennard Strickland led a panel discussion on "Native American Images in Film." The Film Preservation Festival was copresented by the University of Central Oklahoma Film Studies Collection and the American Indian Cultural Center & Museum. Later that month, Native American hip-hop dance crew HaStylez performed before a screening of the documentary *Planet B-Boy*.

Harvard Beats Yale 29-29, a documentary about the historic 1968 football game, featured a personal appearance by Dean Imel, Yale graduate and eyewitness to the game. The Museum partnered with Oklahoma City-based, non-profit World Neighbors to present the film *Flow: For Love of Water*. World Neighbors staff member Sundra Flansburg led a post-screening discussion about global water issues. The TNT cable television series *Saving Grace*, set in Oklahoma City and starring Holly Hunter, held a sneak preview of the season premiere in February. The series producer Nancy Miller, an Oklahoma City native, brought cast member Leon Rippey to answer questions and sign autographs. Oklahoma City Thunder player Earl Watson personally sponsored a sold-out screening of the documentary *Crips and Bloods: Made in America* for at-risk youths in the metro area. Following the film, Earl Watson spoke to the youths about his own experience of having lost his brother to gang violence growing up in Kansas City.

As part of the Harlem Renaissance exhibition, the film program presented *Been Rich All My Life*, a film about five former showgirls who danced in Harlem's top nightclubs and continued dancing as the "Silver Belles" into their nineties. Film director Heather Lyn McDonald made a personal appearance with special guest Jo Rowan from Oklahoma City University, who previously honored the Silver Belles for their contributions to American dance. KOSU, the State's Public Radio, 91.7FM co-hosted a reception and screening of the film *Garrison Keillor: The Man in the Red Shoes*. In conjunction with the opening weekend of the exhibition *Julius Shulman: Oklahoma Modernism Rediscovered*, the Museum hosted filmmaker Eric Bricker, who presented his film *Visual Acoustics: The Modernism of Julius Shulman*. The first ever Young Filmmakers Screening was presented in May, curated by Geoffrey Smith, who teaches the Museum School's video production camps. The screening featured the best youth productions from the last several years of camps.

Thanks to a grant from GlobalHealth, the Museum was able to pilot a senior outreach program during which docents and/or a museum educator visited different senior centers throughout the metro, giving a presentation on *Roman Art from the Louvre*. Seniors who could travel visited the Museum for free tours of the exhibit, in conjunction with free health screenings provided by GlobalHealth and the Oklahoma City Clinic. Additionally, in conjunction with the Oklahoma Art Education Association, the Museum sponsored its second Portfolio Day, January 16, 2009, which was open to all Oklahoma junior and senior students.

Efforts were enhanced for the *Harlem Renaissance* exhibition. In partnership with the Metropolitan Library System and Ronald J. Norick Downtown Library, the Museum held a book discussion group on the works of Langston Hughes and Nella Larsen, led by Dr. Rita Keresztesi, professor of Harlem literature at the University of Oklahoma. Additionally, the Downtown Library presented a performance by Jerome Braggs and Combo that featured the music and vocal performers of the Jazz era. Activities offered through the Downtown, Southern Oaks, Midwest City, Ralph Ellison, and Warr Acres branch libraries presented hands-on art activities for adults and children, as well.

HIGHLIGHTS

Support

Through the generosity of members and donors, the Oklahoma City Museum of Art is able to fulfill its mission to enrich lives through the visual arts. The Museum has a special role in public education, centered on its capacity as an interactive place to better understand culture and the art of our time. Every donation given helps ensure the Museum continues to thrive as one of the most dynamic institutions in Oklahoma.

Season Sponsors

The Oklahoma City Museum of Art is a privately supported, cultural institution. As such, the Museum's Season Sponsorship Program is a critical component of its annual funding. Season Sponsors support programming for the entire season, July 1 through June 30, each year. Through annual corporate and foundation support, the Museum is able to provide the community with quality exhibitions and programs for all ages.

Allied Arts Foundation

As an Allied Arts member agency, the Museum received \$356,488 from the Allied Arts Campaign for operations. The Allied Arts Fund Drive is an annual effort to secure vital operating support for twenty arts agencies in central Oklahoma. The campaign raised nearly \$2.6 million during the 2008–2009 year.

Annual Fund

The Annual Fund supports the Museum in its areas of greatest need. With contributions of more than \$425,000, this campaign saw a significant increase in support during this year. This support is used to fund a host of activities and programs, including special film events, lectures, school bus tours, Museum School classes and camps, as well special exhibitions. Additionally, these funds assisted with crucial, general operating costs, which range from lighting the galleries and ensuring ample security to maintaining visitor services and amenities.

Donor Recognition

As a privately funded nonprofit institution, the Oklahoma City Museum of Art must rely on the generosity of its friends and supporters to meet the enormous cost of providing programs and services, year-round, to thousands of local, national, and international visitors. There are many ways for you to contribute and many benefits in store when you choose to do so. We welcome your involvement through memberships, program and fundraiser sponsorships, annual fund giving, and through our planned giving program. Our deepest appreciation to the many 2008–2009 donors whose generous support has been invaluable.

Retail

Museum Store

The Museum Store had an extremely profitable fiscal year, with \$387,000 in sales. Store income increased by more than \$20,000 over previous figures due in part to the highly successful *Roman Art from the Louvre* exhibition. Popular items, such as art books, jewelry, and unique home and office gifts, as well as the *Chihuly Oklahoma City* book on the Museum's Chihuly collection continued to lead Store sales. The Store remained open six days a week with extended hours on Thursdays and continued to offer gift cards, personal shopping, special orders, and complimentary gift wrapping.

Museum Cafe

During 2008–2009, the Museum Cafe achieved over \$1.4 million in total sales, an increase of approximately \$600,000 from last year. Sunday's brunch and lunch menus continued to attract repeat customers, many of whom enjoyed touring the Museum before and after dining. Monday luncheon services, Tuesday through Saturday luncheon and dinner services, as well as special dinners, wine tastings, holiday carry-out orders, and catering services served over 65,000 people. Inside catering services nearly doubled from previous year figures with an increase in rehearsal dinners, anniversary parties, private parties, and large seated dinners. The Museum Cafe also experienced a huge spike in restaurant services for tour groups, providing many luncheons and boxed lunches for visiting groups.

Cocktails on the Skyline continued to be a huge success with the introduction of a \$5 After 5 admission fee, which drew record crowds to the Museum's roof terrace on Thursday evenings. The Museum Cafe also saw the popularity of its High Tea service increase with private high teas, birthday parties, and special "dress-up" occasions for young girls, who enjoyed donning their hats and gloves for an afternoon at the Museum. Dinner and a Movie packages and catering for many Museum events continued the strong partnership of Museum and Cafe.

INDEPENDENT AUDITORS' REPORT

The Board of Trustees
Oklahoma City Museum of Art, Inc.

We have audited the accompanying consolidated statements of financial position of the Oklahoma City Museum of Art, Inc. and Subsidiaries (OKCMOA) as of June 30, 2009 and 2008, and the related consolidated statements of activities and changes in net assets and cash flows for the years then ended. These financial statements are the responsibility of OKCMOA's management. Our responsibility is to express an opinion on these financial statements based on our audits. The summarized comparative information for the year ended June 30, 2008, has been derived from the OKCMOA's 2008 financial statements and, in our report dated September 30, 2008, we expressed an unqualified opinion on those financial statements. The summarized comparative information for the year ended June 30, 2007, has been derived from the OKCMOA's 2007 financial statements and, in our report dated September 13, 2007, we expressed an unqualified opinion on those financial statements. Hogan & Slovacek P.C. audited the financial statements of OKCMOA for the year ended June 30, 2008, and merged with Tullius Taylor Sartain & Sartain LLP to form HoganTaylor LLP effective January 1, 2009.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of OKCMOA's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of OKCMOA as of June 30, 2009 and 2008, and the consolidated results of its activities and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The accompanying supplemental information detailing the consolidating statement of financial position as of June 30, 2009, and the consolidating statement of activities and changes in net assets for the year then ended are presented for purposes of additional analysis and are not a required part of the basic consolidated financial statements. This additional information is the responsibility of OKCMOA's management. Such information has been subjected to the auditing procedures applied in the audit of the basic consolidated financial statements and, in our opinion, is fairly stated in all material respects to the basic consolidated financial statements taken as a whole.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2009 and 2008

Note 1 – Organization

The Oklahoma City Museum of Art, Inc. (the Museum) is a privately-funded museum located at the Donald W. Reynolds Visual Arts Center. The three-story, 110,000 square-foot Visual Arts Center features 15 galleries showcasing the Museum's collections and world-class traveling exhibitions. It offers the only comprehensive film program in the region. The Museum is accredited by the American Association of Museums and is an Allied Arts Member Agency. The Museum's mission is to enhance lives through the visual arts.

The Donald W. Reynolds Visual Arts Center, funded in part by a \$14.5 million capital grant from the Donald W. Reynolds Foundation, Las Vegas, Nevada, is part of the Museum's completed \$40 million project to fund the new Visual Arts Center expansion and endowment. The project was completed through private funding and was not a part of the Oklahoma City MAPS sales tax program. The Museum received significant funds from the general public and from private foundations.

The Museum is the sole owner of the Museum of Art Cafe, Inc. (the Café), which was formed on January 28, 2003. The Café is located in the Donald W. Reynolds Visual Arts Center and provides full-service lunch and dinner in a casually elegant dining atmosphere.

The Museum is the sole owner of Museum Parking, LLC, which was formed on January 28, 2009, in anticipation of acquiring a parcel of land functioning as a parking lot in the vicinity of the Museum (see Note 16).

Note 2 – Summary of Significant Accounting Policies

Consolidated financial statements

The consolidated financial statements of the Oklahoma City Museum of Art, Inc. and Subsidiaries include the accounts of the Museum, the Café, and Museum Parking, LLC (collectively OKCMOA). All material intercompany transactions have been eliminated.

Basis of accounting and reporting

The consolidated financial statements of OKCMOA are prepared on the accrual basis of accounting. Separate funds are utilized to account for the Museum's various activities. The assets, liabilities and net assets of OKCMOA are reported as follows:

- Unrestricted net assets represent the portion of expendable funds that are available for support of OKCMOA operations. At June 30, 2009 and 2008, unrestricted net assets of \$2,395,307 and \$1,619,738, respectively, were designated for specific purposes by the Museum's Board of Trustees.

- Temporarily restricted net assets represent funds with donor-designated restrictions for acquisitions, capital campaign funds, maintenance of art objects or specific programs.
- Permanently restricted net assets represent funds that are subject to donor-designated restrictions requiring the principal to be invested in perpetuity and only the income be available for use.

Cash and restrictions

Cash consists of cash on hand and deposits in banks. OKCMOA maintains its cash balances in high credit quality financial institutions. At times, OKCMOA's cash may exceed federally insured limits, but OKCMOA believes any possible credit risk is minimal.

At June 30, 2009 and 2008, cash includes \$710,287 and \$1,460,761, respectively, of contributions restricted by the donor for specific purposes.

The Westheimer Family Endowment represents funds designated for use in the Museum's programs and operations by the Museum's Board of Directors. At June 30, 2009, the balance of the Westheimer Family Endowment was \$1,000,000 which is included in unrestricted cash in the consolidated statements of financial position. Subsequent to June 30, 2009, the Museum invested these funds in accordance with the Museum's investment policy.

Receivables

The Museum has receivables, reflected as grants and accounts receivable, grants and accounts receivable with restrictions, and campaign pledges receivable in the accompanying consolidated statements of financial position, which represent promises to give that have been made by donors, but have not yet been received by the Museum. The Museum provides an allowance for doubtful accounts based upon a review of the current status of its receivables. At June 30, 2009 and 2008, respectively, no allowance for doubtful accounts was deemed necessary by the Museum.

Due to the nature of these pledges, significant increases and decreases in net assets may occur. These significant fluctuations can arise as contributions and are recognized as support in the period in which they are pledged, but the expenses incurred with such contributions may occur in a different period.

Inventories

Inventories, which include products for sale in the Museum store, food and beverage items in the Café, and miscellaneous supplies, are stated at the lower of cost or market determined by the first-in, first-out method.

Investments

Investments, which include money market instruments, equity securities, U.S. government securities, and corporate bonds and debentures, are stated at estimated fair value (based on quoted market prices) with unrealized gains and losses reported in the consolidated statement of activities for the year. Donated investment instruments are initially recorded at estimated fair value at the date of donation.

Property, plant and equipment

Property, plant and equipment is recorded at historical cost or estimated value at date of donation. Depreciation of these assets is provided on the straight-line basis over the estimated useful lives of the respective assets, which range from 2 to 40 years. Maintenance and repair costs are expensed as incurred, while renewals and betterments are capitalized and depreciated over their estimated useful lives. Upon disposition, the cost and related accumulated depreciation are removed from the accounts and the resulting gain or loss is reflected in the consolidated statement of activities for the period.

Art and library collections

The Museum's art and library collections, which were acquired through purchases and contributions since the Museum's inception, are not capitalized and recognized as assets on the consolidated statement of financial position. Purchases of collection items are recorded as decreases in unrestricted net assets in the year in which the items are acquired or as temporarily or permanently restricted net assets if the assets used to purchase the items are restricted by donors. Contributions of collection items are not recognized in the statement of activities. Proceeds from deaccessions or insurance recoveries are reflected as increases in the appropriate net assets classification.

Contributions to the Museum

The Museum reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, (that is, when a stipulated time restriction ends or purpose restriction is accomplished) temporarily restricted net assets are reclassified to unrestricted net assets and are reported in the consolidated statement of activities as net assets released from restrictions. Net assets with restrictions, which are met in the same reporting period as their receipt, are presented as part of unrestricted net assets.

The Museum reports gifts of land, buildings, and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long-lived assets must be maintained, the Museum reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

The Museum reports bequests as temporarily restricted support in contributed income when notice has been received and becomes legally enforceable. Once funds are received, bequests are considered available for general use, unless restricted for a specific use or for an endowment fund by the donor.

The Museum records contributions made by donors on their behalf to a not-for-profit organization or charitable trust as an asset, unless the donor has explicitly granted the recipient organization variance power. However, the Museum records contributions made to a not-for-profit organization or charitable trust as an asset regardless if variance power exists, if the Museum has designated itself as beneficiary. Variance power is defined as the unilateral power to redirect the use of the assets to another beneficiary.

Income tax status

The Museum is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code. Café income taxes are accounted for under the asset and liability method.

As long as the Museum complies with applicable regulations, it is not subject to income taxes. However, events or interpretations of such regulations could result in contingent income tax obligations in accordance with accounting standards issued by the Financial Accounting Standards Board.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires OKCMOA to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Concentration of credit risk

Financial instruments, which potentially subject OKCMOA to credit risk, consist of grants and accounts receivable, grants and accounts receivable with restrictions, campaign pledges receivable and investments. Credit risk for all of OKCMOA's receivables is concentrated because the majority of the balances are receivable from individuals located within the same geographic region.

The Museum's investments consist of various stocks, bonds and U.S. Treasury notes. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the investment account balances and the amounts reported in the consolidated statements of financial position and the consolidated statements of activities.

Advertising expense

All advertising costs are expensed as incurred. Advertising expenses were approximately \$359,000 and \$219,000 for the years ended June 30, 2009 and 2008, respectively.

Nature of comparative totals for 2007

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Alone, such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Museum's financial statements for the year ended June 30, 2007, from which the summarized information was derived. Hogan & Slovacek P.C. issued an unqualified opinion on those financial statements, dated September 13, 2007.

Note 3 – Donated Services

OKCMOA has an affiliated volunteer group known as the Beaux Arts Committee which hosts an annual fundraiser benefiting the Museum's Beaux Arts Acquisitions Trust. The Museum recorded contributions from this group of \$40,000 and \$35,000 for the fiscal years 2009 and 2008, respectively, which are included in grants and foundations contributed income in the consolidated statements of activities.

A substantial number of volunteers have made significant contributions of their time to develop the Museum's programs, of which no value was assigned.

Note 4 – Related Party Receivables

The Museum has receivables from various members of its Board of Trustees. As of June 30, 2009 and 2008, these receivables from related parties totaled \$4,250 and \$44,983, respectively. For 2009, these receivables included \$250 in grants and accounts receivable with restrictions and \$4,000 restricted for employee retirement benefits. For 2008, these receivables were restricted for employee retirement benefits.

Note 5 – Grants and Accounts Receivable with Restrictions

Grants and accounts receivable with restrictions are available for the following purposes at June 30:

	2009	2008
Temporary restrictions:		
Exhibit furnishings	\$ 248,260	\$ 107,037
Personnel benefits	4,000	44,983
Other	29,353	13,613
Permanent restrictions:		
Acquisitions	25,000	-
	<u>\$ 306,613</u>	<u>\$ 165,633</u>

Note 6 – Investments

In order to ensure observance of limitations and restrictions placed on the uses of the resources available to the Museum, investments are maintained in various funds which are segregated as follows at June 30:

	2009	2008
Investments:		
Young Endowment ⁽¹⁾	\$ 895,307	\$ 1,619,738
Museum Legacy Endowment	(528,210)	222,196

Sonic America's Drive-In Arts Education Endowment	219,132	247,832
Museum Legacy Endowment	5,085,977	4,585,977
Donald W. Reynolds Visual Arts Center Building Maintenance Endowment	2,979,467	3,541,263
Records Family Endowment	258,382	293,510
Retirement fund	226,934	-
	<u>9,975,278</u>	<u>10,028,176</u>
	<u>\$ 10,342,375</u>	<u>\$ 11,870,110</u>

⁽¹⁾ In May 2009, the Board of Directors approved an inter-fund borrowing from the Raymond A. and Verna N. Young Endowment fund to operating cash in the amount of \$500,000. The purpose of the inter-fund borrowing was to address budget shortfalls and cash flow needs. Principal payments are to be repaid through budget surpluses over a term of five years. Interest expense on the borrowing is to be paid through operations. The remaining deficit shown above is a result of decreases in the investment's fair value due to market fluctuations (see Note 11).

Investments are maintained in funds as shown for the following purposes:

- The interest and unrealized investment gains generated from the Museum Endowment are unrestricted and available for use in general Museum operations.
- The Raymond A. and Verna N. Young Endowment represents the funds originally designated for the construction of the Museum building. Since the construction has been completed, the funds became unrestricted for use in general operations of the Museum.

Investments with restrictions are maintained in funds as shown for the following purposes:

- The Museum Acquisitions Trust and Beaux Arts Acquisitions Trust are temporarily restricted funds maintained for the purchase and maintenance of art objects for the Museum.
- The Thatcher Hoffman Smith Film Endowment includes funds maintained for the purpose of supporting the Museum's comprehensive film program. This is a permanent endowment, with the principal required to be maintained in perpetuity and the interest being expendable for the stated purpose of the fund.
- The Sarkeys Foundation Arts Education Endowment is maintained for education programming. Like the Thatcher Hoffman Smith Film Endowment, this is also a permanent endowment, with the principal required to be maintained in perpetuity and the interest being expendable for the stated purpose of the endowment.
- The Sonic America's Drive-In Arts Education Endowment is permanently restricted for education programming.
- The Museum Legacy Endowment includes funds solicited from donors to provide for a permanent endowment for the Museum. The principal amount of these funds will not be expended. Interest and unrealized gains generated by the endowment principal may be used for general Museum operations.
- The Donald W. Reynolds Visual Arts Center Building Maintenance Endowment represents funds temporarily restricted for maintenance of the Museum in the Donald W. Reynolds Visual Arts Center facility. It is the Museum's intention to use only the income generated from the endowment principal for the maintenance and upkeep of the building as directed by the grant agreement.
- The Records Family Endowment was established as a permanent endowment to support Museum operations. The principal amount of these funds will not be expended. Distributions of interest and unrealized gains generated by the endowment principal may be used for general Museum operations.

- The retirement fund includes funds solicited from donors to provide deferred compensation primarily for a select group of management and highly compensated employees. The retirement fund is temporarily restricted for this purpose.

Investment income is reported net of related investment expenses. Investment expense was \$29,614 and \$30,115 for the years ended June 30, 2009 and 2008, respectively.

Note 7 – Contributions to the Oklahoma City Community Foundation

A separate fund, the Oklahoma City Museum of Art Affiliated Fund (the Affiliated Fund), is established at the Oklahoma City Community Foundation (OCCF). Contributions received subsequent to July 1, 1991, by OCCF, which are designated to be invested to benefit the Museum, are placed in the Affiliated Fund. Investment decisions for the Affiliated Fund are made by a five-member panel that includes three representatives appointed by OCCF and two representatives appointed by the Museum's Board of Trustees. Income earned on the donated funds is paid to the Museum on a basis determined by the five-member panel. The principal amount of the Affiliated Fund cannot be distributed without the unanimous approval of the OCCF Board of Directors. As a result, OCCF has variance power and the Museum has not recorded these funds as an asset in its statement of position.

Funds held by OCCF on behalf of the Museum are as follows at June 30 at market value:

	2009	2008
Recognized in the Museum's financial statements as beneficial interest in assets held by OCCF:		
Oklahoma City Museum of Art Affiliated Fund	\$ 115,230	\$ 111,293
Fee Milligan Operating Endowment	1,496,397	1,866,856
The James C. and Virginia W. Meade Collections Endowment	845,416	989,147
Carolyn A. Hill Collections Endowment	202,407	-
	2,659,450	2,967,296
Assets held by OCCF with variance power retained by OCCF:		
Oklahoma City Museum of Art Affiliated Fund	3,226,907	3,879,997
Oklahoma City Museum of Art Acquisitions Fund	66,103	78,074
Pauline Morrison Ledbetter Fund	207,913	245,566
	3,500,923	4,203,637
Total funds held by OCCF on behalf or for the benefit of the Museum	\$ 6,160,373	\$ 7,170,933
Investment income distributed to the Museum by OCCF	\$ 298,411	\$ 289,619

The Fee-Milligan Operating Endowment (the Endowment) within the Affiliated Fund includes funds transferred by the Museum to OCCF, with the Museum designating itself as beneficiary of the fund. The Museum's Board of Trustees has authorized OCCF to manage the Endowment in the same manner as the Affiliated Fund assets, which effectively grants variance power to OCCF. However, as the Museum designated itself as beneficiary for the Endowment, the Museum recognizes a beneficial interest in the Endowment assets held by OCCF in its statements of financial position.

The market value of the entire Affiliated Fund, which includes the beneficial interest Endowment funds, was \$5,886,357 and \$6,847,293, at June 30, 2009 and 2008, respectively. As a result of OCCF's variance power over the funds contributed by unrelated donors, the Museum has not recorded the remaining value of the Affiliated Fund of \$3,226,907 and \$3,879,997 at June 30, 2009 and 2008, respectively, as an asset in the accompanying consolidated statements of financial position. Investment income distributed to the Museum from OCCF is classified as unrestricted support in the consolidated statements of activities.

In addition, OCCF maintains an account for funds designated for Museum acquisitions of art (the Designated Fund). Earnings are not distributed but, rather, are retained in the Designated Fund under the control of OCCF until requested by the Museum for an acquisition of art. By approval of OCCF, the expendable balance in the Designated Fund was \$16,582 and \$13,614 at June 30, 2009 and 2008, respectively, and is recorded in grants and accounts receivable in the consolidated statements of financial position.

In August 2006, the Museum entered into an endowment agreement with James C. and Virginia W. Meade (the Meades) to establish a permanent endowment named "*The James C. and Virginia W. Meade Collections Endowment*" for the purpose of supporting acquisitions for the Museum's collections and furtherance of the Museum's mission. Under the terms of this agreement (and a related agreement between the Meades, the Museum and the OCCF), the Meades pledged \$1,000,000 to the Museum to be contributed over a three year period and invested in the Affiliated Fund at the OCCF. The annual distribution from the fund will generally be 5% of the average market value based upon certain restrictions intended to protect and preserve the original corpus of the endowment.

In May 2007, the OCCF received a direct gift of \$250,000 to establish the Pauline Morrison Ledbetter Fund to benefit OKCMOA. At the direction of the donor, this gift established an acquisitions endowment fund whereby two-thirds of the earnings of the funds are available for the purchase of art and sculpture for the Museum and the remaining one-third of earnings reinvested in the endowment. Because OCCF retains variance power over these funds and the gift was made directly to OCCF, the endowment is not recorded in the statement of financial position of OKCMOA. By approval of OCCF, the expendable balance in the Pauline Morrison Ledbetter Fund was \$12,771 at June 30, 2009, and is recorded in grants and accounts receivable in the consolidated statements of financial position. There was no balance expendable in the Pauline Morrison Ledbetter Fund at June 30, 2008.

In December 2008, the Museum established an endowment agreement with the OCCF to establish a permanent endowment named "*Carolyn A. Hill Collections Endowment*" for the purpose of supporting acquisitions for the Museum's collections. Under the terms of this agreement, the annual distribution from the fund will generally be 5% of the average market value based upon certain restrictions intended to protect and preserve the original corpus of the endowment.

Note 8 – Fair Value Measurements

During 2009, the Museum adopted the framework for measuring fair value in accordance with accounting standards that establishes a fair value hierarchy based on the observability of inputs used to measure fair value.

These inputs are summarized in the three broad levels listed below:

- Level 1 – quoted prices in active markets for identical securities.
- Level 2 – other significant observable inputs (including quoted prices for similar securities).
- Level 3 – significant unobservable inputs (including the Museum's own assumptions in determining the value of investments).

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The following table sets forth by level, within the fair value hierarchy, the Museum's assets at fair value as of June 30, 2009:

	Level 1	Level 2	Level 3	Total
Cash and equivalents	\$ 995,453	\$ -	\$ -	\$ 995,453
Equity investments	5,226,532	-	-	5,226,532
Fixed income securities	-	4,120,390	-	4,120,390
Beneficial interest in assets held at OCCF ⁽²⁾	-	2,659,450	-	2,659,450
Total assets at fair value	<u>\$ 6,221,985</u>	<u>\$ 6,779,840</u>	<u>\$ -</u>	<u>\$ 13,001,825</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2008:

	Level 1	Level 2	Level 3	Total
Cash and equivalents	\$ 1,281,692	\$ -	\$ -	\$ 1,281,692
Equity investments	6,211,776	-	-	6,211,776
Fixed income securities	-	4,376,642	-	4,376,642
Beneficial interest in assets held at OCCF ⁽²⁾	-	2,967,296	-	2,967,296
Total assets at fair value	<u>\$ 7,493,468</u>	<u>\$ 7,343,938</u>	<u>\$ -</u>	<u>\$ 14,837,406</u>

⁽²⁾ See Note 7 for description of these assets measured at fair value.

Market volatility

The global credit and liquidity crisis that began in 2008 had a significant adverse impact on the reported fair values of the Museum's investments at June 30, 2009. The worldwide crisis continues and financial markets continue to be uncertain and volatile. The timing of an economic recovery fueling a recovery in world financial markets is not predictable. As a result, it is at least reasonably possible that the fair values of the Museum's investments will be materially affected in the near term.

Note 9 – Property, Plant and Equipment

Property, plant and equipment consists of the following at June 30 at cost:

	2009	2008
Land	\$ 61,586	\$ 61,586
Building and improvements	20,627,806	20,627,806
Furniture and fixtures	1,391,472	1,310,695

	23,260,246	23,029,575
Accumulated depreciation	(5,266,484)	(4,486,938)
	<u>\$ 17,993,762</u>	<u>\$ 18,542,637</u>

Note 10 – Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are available for the following purposes at June 30:

	2009	2008
Film endowment	\$ -	\$ 61,309
Programming	248,260	107,037
Art education	-	234,905

Other	-	(14,329)
	<u>\$ 5,140,529</u>	<u>\$ 6,398,007</u>

Permanently restricted net assets are designated for the following purposes at June 30:

	2009	2008
Film endowment	\$ 636,136	\$ 614,741
Art education endowment	750,350	500,000
Capital campaign-Museum endowment	5,796,264	5,796,264
Museum operations	307,840	307,840
Art acquisition	1,221,579	1,005,014
	<u>\$ 8,712,169</u>	<u>\$ 8,223,859</u>

As described in Note 6, the investment income on the Thatcher Hoffman Smith Film Endowment and the Sarkeys Foundation Arts Education Endowment can be expended for the stated purposes of each endowment. The investment income and unrealized gains on the Museum Endowment can be expended for general Museum operations. For the year ended June 30, 2009, there was no interest income earned on permanently restricted endowments. For the year ended June 30, 2008, interest income net, of related investment expenses of \$41,047, was earned on permanently restricted endowments.

Note 11 – Donor Restricted and Board Designated Endowments

Board interpretation

The Board of Trustees has interpreted state law as requiring the preservation of the fair value of the gifts of the donor-restricted endowment funds unless explicit donor stipulations specify otherwise. To meet that objective, the Museum's endowment investment, management and distribution policies require that the corpus, meaning the fair value of the original and subsequent gifts as of the gift date, be maintained in perpetuity, with the earnings available to support the Museum's ongoing operations and programs.

State law allows the Board to appropriate or accumulate so much of an endowment fund as the Museum determines is prudent for the uses, benefits, purposes, and duration for which the endowment is established. The law requires the Board to prudently consider, if relevant, the general economic conditions, possible effect of inflation or deflation, expected total return, other resources of the institution, and the institution's investment policy.

Return objectives, risk parameters, strategies and spending policy

The principal goal of the Museum's investment program is to administer and invest funds received from donors in a prudent manner. The financial objective for the Museum's endowment funds is governed by guidelines specific to each separate investment portfolio. The overall financial objective is to maximize the risk-adjusted investment return while maintaining adequate levels of liquidity. The Museum relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). Risk of large losses is minimized by a diversified asset allocation. The current investment allocation of 55% equities and 45% fixed income, with quarterly performance reviews, is expected to achieve the long-term return objectives within prudent risk constraints.

Under the Investment Policy, the total return on investments is expected to exceed a benchmark consisting of the appropriate percent of the Standard & Poor's 500 Index and the Shearson Lehman Government Bond Index that matches the equity and fixed income diversification of the portfolio over an average period of five consecutive years. The total return, after fees, from all unrestricted equity securities should equal or exceed the total return on the Standard & Poor's 500 Index over a period of five consecutive fiscal years.

Under the Museum's endowment distribution policy, the amount available for appropriation each year is 5% of the average market value of the endowment at the end of each of the last 12 calendar quarters, provided that the appropriation would not cause the remaining market value of the endowment fund to be less than the corpus. This policy is expected to allow for real growth in addition to building the endowments through new gifts and return on investment.

Endowment net asset composition by type of fund as of June 30, 2009:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Donor-restricted endowment funds	\$ (729,280)	\$ 3,206,401	\$ 7,515,590	\$ 9,992,711

⁽³⁾ Historically, this fund has been classified as a temporarily restricted fund, however, in 2009 the Museum received further direction from the donor, resulting in this fund being reclassified as a permanently restricted fund as of June 30, 2009.

Endowment net asset composition by type of fund as of June 30, 2008:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Donor-restricted endowment funds	\$ 192,771	\$ 3,852,572	\$ 7,218,845	\$ 11,264,188

Changes in endowment fund net assets for the year ended June 30, 2008, consist of the following:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Endowment fund net assets, beginning of year	\$ 1,748,170	\$ 4,331,174	\$ 7,210,445	\$ 13,289,789

From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor or state law requires the Museum to retain as a fund of perpetual duration. In accordance with accounting principles, deficiencies of this nature that are reported in unrestricted net assets were \$729,280 and \$29,425 as of June 30, 2009 and 2008, respectively. These deficiencies resulted from unfavorable market fluctuations that occurred shortly after the investment of new permanently restricted contributions and continued appropriation for certain programs that was deemed prudent by the Board of Directors.

Note 12 – Allocation of Expenses

OKCMOA allocates salaries and wages based on actual staff position. Administrative expenses are allocated to each area based on an estimate of usage. All remaining expenses are allocated based on actual expenditures for the function.

Note 13 – Employee Benefits

The Museum maintains a 403(b) Employee Salary Reduction Plan (the 403(b) Plan) which allows employees to make savings contributions with pre-tax dollars. All full-time OKCMOA employees over age 18 are eligible to participate. Under the 403(b) Plan, the Museum does not make any contributions on behalf of participants. In addition, it is the intent of the parties that the 403(b) Plan will not constitute an employer pension benefit plan as defined in the Employee Retirement Income Security Act of 1974.

In 2006, the Museum solicited contributions to enhance retirement benefits for its employees. During 2009 and 2008, the Museum did not receive any pledges in support of this program. At June 30, 2009 and 2008, \$4,000 and \$44,983, respectively, of these pledges are included in grants and contributions receivable with restrictions (see Note 5).

Effective January 1, 2006, the Museum established the Oklahoma City Museum of Art 457(b) Deferred Compensation Plan (the 457(b) Plan), which is intended to provide deferred compensation primarily for a select group of management and highly compensated employees covered by the 457(b) Plan. Eligible participants may make elective deferrals and the Museum, upon approval of the Board of Trustees, may make employer contributions. During the years ended June 30, 2009 and 2008, the Museum approved elective deferrals of \$66,876 and \$65,030, respectively, to the 457(b) Plan.

Effective January 1, 2007, the Museum established the Oklahoma City Museum of Art 401(k) Retirement Plan (the 401(k) Plan), which is offered to all employees of the Museum and the Café. Employees who have completed one year of credited service (as defined) and are at least 21 years of age are eligible to participate in the 401(k) Plan. In addition to employee elective deferrals into the 401(k) Plan, the Museum may make a matching contribution at the discretion of the Board of Trustees. Matching and other contributions by the Museum vest gradually over a six-year period. All reasonable expenses incurred in administering the 401(k) Plan are paid out of the principal or interest of the 401(k) Plan assets. The Museum may pay any such expenses of the 401(k) Plan at its discretion. During the years ended June 30, 2009, and 2008, the Museum approved matching or other retirement contributions of \$73,036 and \$63,284, respectively, to the 401(k) Plan.

Note 14 – Museum of Art Café

Under the Café's operating statement, all costs and expenses of the Café's operations are the responsibility of the Café. However, if the Café incurs operating costs in excess of revenues from its operations (measured on a cash basis), the Museum may advance funds to the Café. In 2009 and 2008, operating costs did not exceed revenues; therefore, it was not necessary for the Museum to advance the Café funds.

Note 15 – Commitments

During the years ended June 30, 2009 and 2008, the Museum entered into contractual agreements with certain art exhibit leasing organizations for future exhibits. Exhibit lease commitments for the years ending June 30, 2010 and 2011, are \$37,500 and \$28,800, respectively. The Museum is soliciting contributions and other sources of support to fund these commitments.

Note 16 – Subsequent Event
